How to Create a Job Posting
Create and Post an Admin Professional/Research Professional Job Posting

Job Postings are created to announce the approved opening of an Admin Professional/Research Professional position.

**Admin Professional/Research Professional Job Announcements may be created by Initiators only.**

Initiators may create new job postings using approved and updated position descriptions, only.

Below are the steps in the creation, approval and online posting of the Job Announcement.

The steps in the following slides explain how to create, prompt approval and post job postings.
1. Select the Hire module by clicking the three dots in the top-left corner of the screen.

2. Select Initiator from the User Group drop-down menu.
1. Click on Postings in the menu across the top then select Admin Professional/Research Professional from the drop-down menu.
1. Once on the Postings page, click the + Create New Posting button and the 'Create New' box will appear.
Create Posting from *Approved* Position Description

1. Select Create from Position Description.

Note: Create from Position Type is only used when creating NEW Open Pools. See the Open Pools training guide for details.

Note: Create from Posting is only used when creating Open Pools from a PREVIOUSLY POSTED Open Pool. Selecting this option will clone and pull over all the information entered from a preexisting Open Pool posting. See the Open Pools training guide for details.
1. Choose your approved position description by selecting it from the list below, or click the More Search Options button then type in the first 6 numbers of the position number into the Position Number field to search for the position description you wish to create the posting from.

Note: You may or may not choose to include the .Version number after the position number (012345.0001) If you choose to exclude it, all versions of the position description will appear in the search. Be sure to select the correct, most up-to-date version.

2. To start the posting, click on the working title of the position description.

Shortcut: Hover over the Actions dropdown and select Create From to start the posting from the selected position description.
Selecting a Position to Create a Posting (from)

1. Review the approved position description to ensure that it is the correct version then click the Create Posting from this Position Description button in the top right corner of the screen.
1. Fill out the ‘New Posting’ settings page.

Note: The Working Title will pull over from the approved position description. Please do not make any major edits to this field. You may fix spelling or grammatical mistakes or spell out abbreviations.

Note: These fields will auto populate with information from the position description. Please do not updated these if you have the ability to do so.
Note: The Initiator may select as many or as few categories as they feel necessary. If no categories are selected, OEO will make the selection once the posting is moved forward in the approval process. Once a selection is made and a job is posted, job seekers who have subscribed to that specific category will be notified of the new position.

Note: The Interest Cards or ‘Job Categories’ feature will allow job seekers to subscribe to a daily system email containing a list of jobs that have been posted to the CSU Jobs website. The email notification will only contain jobs that fall into one of the pre-selected job interest categories identified by the job seeker. If no jobs are posted in the selected categories on a particular day, the individual will not receive a Job Alert email that day.
1. Ensure that the Accept online applications box is checked.

Optional: If you will be soliciting letters of recommendation, you will need to update these three fields. Otherwise, leave them blank and use the reference tab further along in the process to collect reference contact information.

For further help setting up the reference collection tool in the system, please see our training guide located here:

https://oeo.colostate.edu/media/sites/144/2017/05/How-to-Request-References-in-TMS.pdf

Note: The Applicant Workflow should remain as 'Under Review by Dept/Committee'.
2. Check the preferred method for receiving application materials. For standard searches, select Administrative Professionals – Standard Application Materials.

3. When ready, click Create New Posting to continue to the Posting Details tab.

Note: Please do not update the Special offline application instructions at this time.
Note: A lot of the information found on the Posting Details tab will pull over from the approved position description. Some fields may or may not be editable by you.
1. Begin filling out the Posting Details tab.

Note: The Proposed Annual Salary Range will pull over from the approved position description. **Please do not alter this amount.** The department may also choose to add “Salary is commensurate with experience and qualifications.”

Note: The Position Location field will auto-populate with ‘Fort Collins, CO’. If applicable, you may update this field to accurately reflect the location of the position. Please ensure you use the ‘City, State Abbreviation’ format.

Note: The Description of Work Unit will pull over from the approved position description. You can edit this field if needed.

2. Select Yes or No from the Accelerated Search Process Qualified drop-down box.

To see if your search qualifies for the accelerated process, see page 5 of OEO's [Search Manual](#).

Note: The Description of Work Unit will pull over from the approved position description.

*Hogwarts School of Witchcraft and Wizardry is the British wizarding school located in the Highlands of Scotland.*

*Established around the 10th century, Hogwarts is considered to be one of the finest magical institutions in the wizarding world. Children with magical abilities are enrolled at birth, and acceptance is confirmed by owl post at age eleven.*

*Hogwarts provides the utmost quality in magical education and is continually rated among the top 3 witchcraft and wizardry schools in the world.*

*For more information about the school, please see our website located here: [http://www.hogwartsishere.com/](http://www.hogwartsishere.com/)*

*The description of the work unit is used to promote the unit.*
1. Use this field to select the Hiring Authority for the search. Typically, the actual Hiring Authority is listed, as well as any individual who will be helping with the TMS workflow/processes. The Hiring Authority user role finalizes the hire by initiating a Hiring Proposal at the end of the search process.

2. Enter the position's supervisor and their working title.

Note: These fields will pull over from the approved position description. If they are empty, ensure you are using an approved, completed position description to create the posting. You may make small edits to the position summary if you wish.
The Required and Preferred Job Qualifications will pull over from the approved position description. Please do not make any significant changes or updates to these fields. If there is a significant difference between the approved position description’s qualifications and posting’s qualifications, the position description will need to be modified to reflect the changes made to the qualifications on the posting.

1. Select Yes or No from the Is this an Hourly position? drop-down field.

Note: The Work Hours/Week will pull over from the approved position description.

TIP: To format the qualifications with ‘bullets’, type * before each qualification.
2. The Full Consideration Date for all AP/Research positions must be a minimum of three weekends after the approval of the posting announcement. Ex: If a posting was approved and posted by OEO on July 1st, the Full Consideration Date would have to be July 17th. If this is an Accelerated Search (jobs with salaries under $60,000 can qualify for Accelerated Searches), you would only need to advertise for two full weekends after the ‘Approval/Posted’ date. Ex: Posted July 1st, Full Consideration Date could be July 10th. OEO will correct/update these dates before posting.

3. The Close Posting Date must be at least three full weekends after the Full Consideration Date to allow for late applicants.

Note: These four fields are optional. A Desired Start Date is required if any of your required qualifications state “by anticipated/proposed state date”. An example is “Must be eligible to work in the United States by the proposed start date”.

Note: The Working Title will pull over from the approved position description. Please be sure to spell out abbreviations and/or acronyms.
1. The Special Instruction Summary allows the committee to communicate the specific details required in the application process to applicants i.e. documents that may be required to apply, information about references, etc. It will appear at the top of the job posting on the CSU Jobs Website. The language ‘Reference will not be contacted without prior notification of candidates’ should also be included. A great example of a special instruction summary is: “Interested applicants must submit a cover letter which addresses how professional experiences align with identified required and preferred qualifications of the position, a current resume, and the names, e-mail addresses, and telephone numbers of three (3) professional references. References will not be contacted without prior notification of candidates. If you have questions, please contact (search contact information)”.

2. All CSU job postings are automatically posted to these four auto populated venues. Please do not delete them from this field. Be sure to add at least one national advertising venue plus any additional venues the committee plans to advertise the job opening (e.g. websites, list services, etc.)

Note: Unless you are requesting an internal search, leave these two fields blank.
The Short Posting field allows OEO to review and approve a ‘bite-sized’ version of the posting announcement. Some venues are expensive and may charge by the character. Because of this, the short posting can be used instead of the longer version. The short posting should include the title of the position, the location, a brief summary of the position, the ‘Quick Link for Internal Postings’ so applicants know where to apply, and the shortened EO/EA/AA and background check language that is auto-populated. Please do not delete the EO/EA/AA auto-populated language. This should appear at the bottom of every short posting.

Note: The language in these two fields will pull through to the job posting and will be viewable by applicants.

The Short Posting field allows OEO to review and approve a ‘bite-sized’ version of the posting announcement. Some venues are expensive and may charge by the character. Because of this, the short posting can be used instead of the longer version. The short posting should include the title of the position, the location, a brief summary of the position, the ‘Quick Link for Internal Postings’ so applicants know where to apply, and the shortened EO/EA/AA and background check language that is auto-populated. Please do not delete the EO/EA/AA auto-populated language. This should appear at the bottom of every short posting.

Note: The language in these two fields will pull through to the job posting and will be viewable by applicants.
1. Select one of the prepopulated Diversity Statements and paste it into the required field.

2. Enter the name, email address and/or phone number of the search contact into the Search Contact field. This is the individual applicants will reach out to if they have any questions and is often times the search chair or search support staff.

3. Use these two fields to enter the name of your EO Coordinator and Applicant Manager for the search. Entering their names here will grant them access to the posting to complete their TMS user role duties. Multiple EO Coordinators and Applicant Managers may be entered.

4. When complete, click Next to continue to the Essential Job Duties tab.
1. When ready, click Next to continue to the Position Budget Information tab, Save to return to complete the posting at a later time, or Prev to return to the previous tab.

Note: Essential Job duties that were entered in during the creation of the position description will pull over and populate this tab. If you need to make a change to any of these fields, please reach out to HR Classification and Compensation at hr_cca@Mail.colostate.edu.
Note: The Position Budget Information tab is optional. This tab can be used by units or departments to track budget information.

1. To add additional budget account fields, click on the Add Budget Summary Entry button.

2. When ready, click Next to go to the Alternative Appointment tab, Save to return to complete the posting at a later time, or Prev to return to the previous tab.
Note: Use of the Alternative Appointment tab assumes that a candidate has already been identified for the position and you wish to seek approval to associate the appointment with the job posting. If this is the case, fill out all the information on this tab. For additional help on the Alternative Appointment process, please see our training guide located here: https://oao.colostate.edu/media/sites/144/2017/05/CSU-Create-and-Edit-an-Admin-Pro-Alt-Appt-Request.pdf

If this is not the case, select ‘No’ from the Alternative Appointment Requested? dropdown menu then proceed to the next tab.

1. When ready, click Next to go to the Background Check Requirement tab, Save to return to complete the posting at a later time, or Prev to return to the previous tab.
Posting - Background Check Requirement Tab

Note: The Background Check Requirement tab will automatically pull over information from the position description and will not be editable on the posting. Use this area to verify that all of the information is correct. If you need to make any changes, please contact HR Classification and Compensation. Changes to this tab can only be made on the position description.

1. When ready, click Next to go to the Supplemental Questions tab. Save to return to complete the posting at a later time, or Prev to return to the previous tab.
Note: Supplemental questions are similar to minimum qualification screening forms. It’s a way to determine if an applicant meets minimum qualifications by having them answer a set of questions when they are applying to the position. Certain answers to questions can be made ‘disqualifying’. This means that if an applicant selects a disqualifying answer, they will automatically self-disqualify from the pool. This automatically places them into the workflow state ‘System determined did not meet minimum qualifications’. You may choose to use either supplemental questions or a minimum qualification screening form or both.

1. To add a question, click on the Add a question button.
1. You may search for a preexisting question using the Category drop down menu, or Keyword search.

Once you have found an appropriate question, check the box next to it and click the Submit button at the bottom.

2. If you are unable to find a suitable question, select Add a new one.
Posting – Adding Supplemental Questions (cont.)

1. Use the Name field to name your question. You may also select a category to file it under.

2. Enter the supplemental question in the Question field. It should directly relate to one of your required qualifications. If the question is date sensitive, please be sure to include the referenced date. For example, the question shown here would need to include the anticipated start date as an applicant must have their Bachelor’s degree prior to starting the position.

3. Select one of the two options under Possible Answers. Open Ended Answers allows applicants to type a personalized response. Predefined Answers gives the applicants set, multiple choices answers. Use Predefined Answers if you wish to create self-disqualifying questions.

4. Enter the possible answer choices to the question above.

5. Click Submit.
1. To make a question required, mark the Required check box next to the question. Marking a question as required means applicants will need to answer this question before submitting their application.

2. To make a question disqualifying, click on the question. Note: If you have multiple questions, you can change their order by entering the desired order number in the Position box.

3. In the drop-down, check the box next to the answer you would like to make disqualifying. If an applicant selects this answer, they will self-disqualify from the search and will automatically be placed into the inactive workflow state ‘System determined did not meet min quals’.

4. When ready, click Next to go to the Qualification Groups tab, Save to return to complete the posting at a later time, or Prev to return to the previous tab.
Note: Qualification Groups are not currently used. For now, please skip to the next tab.

1. When ready, click Next to go to the Applicant Documents tab, Save to return to complete the posting at a later time, or Prev to return to the previous tab.
Note: On the Applicant Documents tab, select the documents applicants will need to attach to their applications when applying to the job posting. Documents are categorized as 'Not Used', 'Optional' or 'Required'. You can mark specific documents as Optional or Required based on the needs of your job search.

1. When complete, click Next to go to the Search Committee tab, Save to return to complete the posting at a later time, or Prev to return to the previous tab.

Note: You can reorder the documents by typing in a number in the Order box OR by dragging and dropping the document into your desired order.
Note: Search committees are teams of qualified individuals selected by the Hiring Authority to work through the CSU search process to identify a qualified applicant to fill a vacancy. Each search committee will have a search committee chair and search committee members.

1. To add a search committee chair or member, click on the Add Existing User button.

Note: If you are unable to find a search committee member who is a current CSU employee using the Add Existing User lookup, please DO NOT create a new user account for this individual. All current CSU employees already have an existing TMS account. If they do not show up when searched, they may not have the Search Committee Member user role assigned to their profile. Please reach out to OEO at oeo@colostate.edu or (970) 491-5836 should this situation arise.
1. In the pop up box, search for the committee member using their name, email, or department.

Note: Searching for an individual using their email address is the best way to ensure that the correct search committee member is selected. (People with similar/same names sometimes get mixed up if you search by their ‘First/Last Name’)

Note: Check the Committee Chair box for the individual who will be chairing the search committee. Before doing so, please ensure that the individual is search chair trained by looking up their name on OEO’s Trained Search Chair List.

Note: Please ensure that you are adding the correct committee member. As soon as you click the Add Member button, the system will send out an automatic email to that individual alerting them that they have been added to a posting as a search committee member.

2. Once you have located the correct search committee member, click the Add Member button. Once added, a banner across the top of the page will let you know that your addition was successful. When all members have been selected, click Close to return to the Search Committee Member tab.
If a committee member is NOT a CSU employee, you will need to create a guest user account for them. Click on the Create New User Account button.

Note: if you need to remove a search committee member, hover over Actions and select Remove from Posting.
1. In the pop up window, enter the guest user’s First Name, Last Name, email address, and a Username you create for them. Most people enter usernames that are similar to CSU eID’s. (ex: emilyrogers, erogers, emilyr, etc.) Once you have filled in the required fields, click the Add Member to Search Committee button.

Note: After you have created the guest user account, OEO will review and approve the request. Once their status has been switched from pending to approved, the guest user will be able to login using their username and the default password of: GoCSURams!
1. When you are finished adding the search committee, click Next to go to the Evaluative Criteria tab, Save to return to complete the posting at a later time, or Prev to return to the previous tab.
1. When ready, click Next to go to the References tab, Save to return to complete the posting at a later time, or Prev to return to the previous tab.

Note: OEO DOES NOT recommend using Evaluative Criteria at this time.
2. If the committee wants to solicit letters of recommendation from references, then ‘Yes’ will need to be selected from the Accept Reference Letters drop-down menu. The Settings page will also need to be configured to accept letters of recommendation. Please see our Advanced Reference training guide.

3. The Last Day a Reference Provider Can Submit Reference Letter field allows the committee to select a date when references are no longer able to provide a letter of recommendation. Only use this field if you are soliciting letters of recommendation from references.

4. When complete, click Next to go to the Posting Documents tab, Save to return to complete the posting at a later time, or Prev to return to the previous tab.

Note: This tab is used to collect reference contact information. If you choose to collect references through the system (using this tab) ensure you remove ‘List of Professional References’ as a required applicant document.

1. Enter the minimum and maximum number of references.
NOTE: Use the Posting Documents tab to upload the applicant screening tools for the search. Applicant screening tools are pre-determined rating mechanisms utilized by a committee during the initial review of applications to determine which candidates are moving forward in the search process. These tools typically consist of the Minimum Qualifications screening form and an Applicant Rating Sheet (aka applicant screening form). These forms must be uploaded on this tab to complete the posting.

** If you are using disqualifying Supplemental Questions, the Minimum Qualifications Screening Form is not required.**

1. To attach a screening form, hover over the Actions button and select Upload New from the drop-down menu.
1. To upload a document, click Choose File.

Please note, depending on your web browser, this button may be labeled as Browse.

2. Locate the file on your computer then select Open.

3. Select 'Submit'.

To upload your document, provide a name and description of the document. To choose a file to upload, click the Choose File button and select the file from your computer. After selecting the file, click the Submit button.
1. Once finished, select the Summary tab from the left side of the screen.

Note: The system automatically converts all uploaded documents into PDFs.

Note: A banner across the top of the page will let you know that the upload was successful.
Posting – Summary page

Note: The posting Summary displays all tabs and their information. In addition, new links appear at the top: History (all transactions associated with the posting), Settings (which department the posting resides in and other information), and the Associated Position Description. To access these areas, simply click on the tab.

Note: In addition to summary information about your posting, you may also ‘See how Posting looks to Applicant’, print preview the ‘Applicant View’ of the posting, or ‘Print Preview’ the whole posting as it is viewed internally. You can also add the posting to your Watch List. Doing so will allow you to track the posting on your TMS homepage.
1. Once you have sufficiently reviewed the posting and are ready to move it to the EO Coordinator for review, hover over the Take Action on Posting button and select EO Coordinator Review (move to EO Coordinator Review).

2. You may add relevant comments for the EO Coordinator in the optional Comments box. When ready, click Submit.
1. Once the EO Coordinator has sufficiently reviewed the posting and is ready to move it forward to the Hiring Authority for review and approval, they will hover over the Take Action on Posting button and select Standard Search Process (move to Hiring Authority Review and Approval).

2. The EO Coordinator may add any relevant comments in the optional Comments box. When ready, they will click Submit.
1. Once the Hiring Authority has reviewed the posting, they will hover over the Take Action on Posting button and select Approved (move to OEO Review and Approval).

2. The Hiring Authority may add any relevant comments for OEO. When ready, they will click Submit.
Final Review and Approval – OEO

Note: OEO has a two step approval process. Once the posting has transitioned from the preview stage, OEO 'approvers' will review the posting request and reach out to the Initiator if they have any questions or corrections.

1. Once OEO has sufficiently reviewed the posting, they will hover over the Take Action on Posting button and select Posted (move to Posted).
Hello Test User,

The Academic Success Coordinator position (Posting #: 201800487AP) has been placed in the status of “Posted.”

Advertising for this position can now begin. Please work with your support staff if you will be posting this announcement in other venues.

Position #: 012345.0001
Job Title: Academic Success Coordinator
Department: College of TMS Training

Thank you,

Office of Equal Opportunity
oeo@colostate.edu
970-491-5836

Note: The Applicant Manager will receive an email notification from the system saying that the posting has been approved. You may now begin advertising in your selected recruitment venues.

Note: All postings are automatically added to the CSU Jobs website, Connecting Colorado, Indeed.com, and HigherEdJobs.com.
