How to Create a Job Posting
Job Postings are created to announce the approved opening of an Admin Professional/Research Professional position.

**Admin Professional/Research Professional Job Announcements may be created by Initiators only.**

Initiators may create new job postings using approved and updated position descriptions, only.

Below are the steps in the creation, approval and online posting of the Job Announcement.

The steps in the following slides explain how to create, prompt approval and post job postings.
Initiating an Admin Professional/Research Professional Job Posting

1. Select the Applicant Tracking module by clicking the three dots in the top-left corner of the screen.

2. Select Initiator from the User Group drop-down menu.
1. Click on Postings in the menu across the top then select Admin Professional/Research Professional from the drop-down menu.
Create the Posting from an *Approved* Position Description

1. Once on the Postings page, click the + Create New Posting button and the ‘Create New’ box will appear.
Create Posting from *Approved* Position Description

1. Select Create from Position Description.

**Note:** Create from Position Type is only used when creating NEW Open Pools. See the Open Pools training guide for details.

**Note:** Create from Posting is only used when creating Open Pools from a PREVIOUSLY POSTED Open Pool. Selecting this option will clone and pull over all the information entered from a preexisting Open Pool posting. See the Open Pools training guide for details.
1. Choose your approved position description by selecting it from the list below, or click the More Search Options button then type in the first 6 numbers of the position number into the Position Number field to search for the position description you wish to create the posting from.

Note: You may or may not choose to include the .Version number after the position number (012345.0001). If you choose to exclude it, all versions of the position description will appear in the search. Be sure to select the correct, most up-to-date version.

Shortcut: Hover over the Actions dropdown and select Create From to start the posting from the selected position description.

2. To start the posting, click on the working title of the position description.
Selecting a Position to Create a Posting (from)

1. Review the approved position description to ensure that it is the correct version then click the Create Posting from this Position Description button in the top right corner of the screen.

Position Description: Academic Success Coordinator (Admin Professional/Research Professional)
1. Fill out the 'New Posting' settings page.

Note: The Working Title will pull over from the approved position description. **Please do not make any major edits to this field.** You may fix spelling or grammatical mistakes or spell out abbreviations.

Note: These fields will auto populate with information from the position description. **Please do not update these if you have the ability to do so.**
Note: The Initiator may select as many or as few categories as they feel necessary. If no categories are selected, OEO will make the selection once the posting is moved forward in the approval process. Once a selection is made and a job is posted, job seekers who have subscribed to that specific category will be notified of the new position.

Note: The Interest Cards or ‘Job Categories’ feature will allow job seekers to subscribe to a daily system email containing a list of jobs that have been posted to the CSU Jobs website. The email notification will only contain jobs that fall into one of the pre-selected job interest categories identified by the job seeker. If no jobs are posted in the selected categories on a particular day, the individual will not receive a Job Alert email that day.

The description of the work unit is used to promote the unit.
1. Use this field to select the Hiring Authority for the search. Typically, the actual Hiring Authority is listed, as well as any individual who will be helping with the TMS workflow/processes. The Hiring Authority user role finalizes the hire by initiating a Hiring Proposal at the end of the search process.

2. Enter the position’s supervisor and their working title.

Note: These fields will pull over from the approved position description. If they are empty, ensure you are using an approved, completed position description to create the posting. You may make small edits to the position summary if you wish.
1. Select Yes or No from the Is this an Hourly position? drop-down field.

Note: The Work Hours/Week will pull over from the approved position description.

The Required and Preferred Job Qualifications will pull over from the approved position description. Please do not make any significant changes or updates to these fields. If there is a significant difference between the approved position description’s qualifications and posting’s qualifications, the position description will need to be modified to reflect the changes made to the qualifications on the posting.

Required Job Qualifications

* Ability to collect, analyze and interpret data, and maintain databases.

* Must have a valid Broom license or the ability to obtain a Broom license or access to a licensed flyer by the employment start date.

Preferred Job Qualifications

* A Master’s degree in Magical Education
  Completed Ministry of Magic training on magical crisis response, particularly relating to trolls, demenors, and magical impostors.
* Experience assisting with management of class programs including advising and course selection.
* Demonstrated creativity, leadership, and the skills needed to work successfully with diverse groups.
* Commitment to diversity as evidenced by success in delivering successful programming to diverse student audiences which may include first generation at university, underrepresented populations, or economic disadvantage to achieving a higher education degree.
* Ability to successfully interact with students, resolve conflicts, contribute to student retention objectives, and resolve issues without direct oversight.
* Positive attitude, attention to detail and an ability to get along well with faculty and staff.

TIP: To format the qualifications with ‘bullets’, type * before each qualification.

TIP: Hourly positions do not have guaranteed hours and may work within a range of 0-40 hours per week.

Work Hours/Week

Please enter a value from 0 - 40 representing the number of work hours per week for this position. If the position is for an hourly employee, please set the work hours to 0.
1. Select Yes or No from the Research Professional Position drop-down menu.

2. The Full Consideration Date for all AP/Research positions must be a minimum of three weekends after the approval of the posting announcement. Ex: If a posting was approved and posted by OEO on July 1st, the Full Consideration Date would have to be July 17th. If this is an Accelerated Search (jobs with salaries under $60,000 can qualify for Accelerated Searches), you would only need to advertise for two full weekends after the ‘Approval/Posted’ date. Ex: Posted July 1st, Full Consideration Date could be July 10th. OEO will correct/update these dates before posting.

3. The Close Posting Date must be at least three full weekends after the Full Consideration Date to allow for late applicants.

Note: The Working Title will pull over from the approved position description. Please be sure to spell out abbreviations and/or acronyms.

Note: These four fields are optional. A Desired Start Date is required if any of your required qualifications state “by anticipated/proposed state date”. An example is “Must be eligible to work in the United States by the proposed start date”.

Close posting date is the date the posting is removed from the CSU Jobs website. For Standard searches the close posting date needs to be three weekends after the full consideration date. For Accelerated searches and Internal searches the close posting date needs to be two weekends after the full consideration date. Open Pool close posting date is the same as the full consideration date.
1. The Special Instruction Summary allows the committee to communicate the specific details required in the application process to applicants i.e. documents that may be required to apply, information about references, etc. It will appear at the top of the job posting on the CSU Jobs Website. The language ‘Reference will not be contacted without prior notification of candidates’ should also be included.

A great example of a special instruction summary is: “Interested applicants must submit a cover letter which addresses how professional experiences align with identified required and preferred qualifications of the position, a current resume, and the names, e-mail addresses, and telephone numbers of three (3) professional references. References will not be contacted without prior notification of candidates. If you have questions, please contact (search contact information)”.

2. All CSU job postings are automatically posted to these four auto populated venues. Please do not delete them from this field. Be sure to add at least one national advertising venue plus any additional venues the committee plans to advertise the job opening (e.g. websites, list services, etc.)

Note: Unless you are requesting an internal search, leave these two fields blank.
1. The Short Posting field allows OEO to review and approve a ‘bite-sized’ version of the posting announcement. Some venues are expensive and may charge by the character. Because of this, the short posting can be used instead of the longer version. The short posting should include the title of the position, the location, a brief summary of the position, the ‘Quick Link for Internal Postings’ so applicants know where to apply, and the shortened EO/EA/AA and background check language that is auto-populated. Please do not delete the EO/EA/AA auto populated language. This should appear at the bottom of every short posting.

Note: The language in these two fields will pull through to the job posting and will be viewable by applicants.

**Pass Message**
Thank you for your interest in this position. The screening and selection process is currently underway and will continue until a successful candidate is chosen. Should review of your qualifications result in a decision to pursue your candidacy, you will be contacted.

**Fail Message**
Thank you for your interest in this position. Based on your responses to the questions on the employment application, you do not meet the minimum qualifications for this position. Please do not let this discourage you from applying for other positions at CSU that interest you.

If this is the case, fill out all the information on this tab. For additional help on the Alternative Appointment process, please see our training guide located here:
https://oeo.colostate.edu/media/sites/144/2017/05/CSU-Create-and-Edit-an-Admin-Pro-Alt-Appt-Request.pdf

Posting - Background Check Requirement Tab

Note: The Background Check Requirement tab will automatically pull over information from the position description and will not be editable on the posting. Use this area to verify that all of the information is correct. If you need to make any changes, please contact HR Classification and Compensation. Changes to this tab can only be made on the position description.

1. When ready, click Next to go to the Supplemental Questions tab, Save to return to complete the posting at a later time, or Prev to return to the previous tab.
Posting - Supplemental Questions Tab

Note: Supplemental questions are similar to minimum qualification screening forms. It's a way to determine if an applicant meets minimum qualifications by having them answer a set of questions when they are applying to the position. Certain answers to questions can be made 'disqualifying'. This means that if an applicant selects a disqualifying answer, they will automatically self-disqualify from the pool. This automatically places them into the workflow state 'System determined did not meet minimum qualifications'. You may choose to use either supplemental questions or a minimum qualification screening form or both.

1. To add a question, click on the Add a question button.
1. You may search for a preexisting question using the Category drop down menu, or Keyword search. Once you have found an appropriate question, check the box next to it and click the Submit button at the bottom.

2. If you are unable to find a suitable question, select Add a new one.
Posting – Adding Supplemental Questions (cont.)

1. Use the Name field to name your question. You may also select a category to file it under.

2. Enter the supplemental question in the Question field. It should directly relate to one of your required qualifications. If the question is date sensitive, please be sure to include the referenced date. For example, the question shown here would need to include the anticipated start date as an applicant must have their Bachelor’s degree prior to starting the position.

3. Select one of the two options under Possible Answers. Open Ended Answers allows applicants to type a personalized response. Predefined Answers gives the applicants set, multiple choices answers. Use Predefined Answers if you wish to create self-disqualifying questions.

4. Enter the possible answer choices to the question above.

5. Click Submit.
1. To make a question required, mark the **Required** check box next to the question. Marking a question as required means applicants will need to answer this question before submitting their application.

2. To make a question disqualifying, click on the question. In the drop-down, check the box next to the answer you would like to make disqualifying. If an applicant selects this answer, they will self-disqualify from the search and will automatically be placed into the inactive workflow state ‘System determined did not meet min qals’.

3. In the drop-down, check the box next to the answer you would like to make disqualifying. If an applicant selects this answer, they will self-disqualify from the search and will automatically be placed into the inactive workflow state ‘System determined did not meet min qals’.

4. When ready, click **Next** to go to the Qualification Groups tab, Save to return to complete the posting at a later time, or **Prev** to return to the previous tab.

Note: If you have multiple questions, you can change their order by entering the desired order number in the **Position** box.
Posting - Qualification Groups Tab (not currently used)

Note: Qualification Groups are not currently used. For now, please skip to the next tab.

1. When ready, click Next to go to the Applicant Documents tab, Save to return to complete the posting at a later time, or Prev to return to the previous tab.
Note: On the Applicant Documents tab, select the documents applicants will need to attach to their applications when applying to the job posting. Documents are categorized as ‘Not Used’, ‘Optional’ or ‘Required’. You can mark specific documents as Optional or Required based on the needs of your job search.

1. When complete, click Next to go to the Search Committee tab, Save to return to complete the posting at a later time, or Prev to return to the previous tab.

Note: You can reorder the documents by typing in a number in the Order box OR by dragging and dropping the document into your desired order.
Posting - Search Committee Tab

Note: Search committees are teams of qualified individuals selected by the Hiring Authority to work through the CSU search process to identify a qualified applicant to fill a vacancy. Each search committee will have a search committee chair and search committee members.

1. To add a search committee chair or member, click on the Add Existing User button.

Note: If you are unable to find a search committee member who is a current CSU employee using the Add Existing User lookup, please DO NOT create a new user account for this individual. All current CSU employees already have an existing TMS account. If they do not show up when searched, they may not have the Search Committee Member user role assigned to their profile. Please reach out to OEO at oeo@colostate.edu or (970) 491-5836 should this situation arise.
1. In the pop up box, search for the committee member using their name, email, or department. Note: Searching for an individual using their email address is the best way to ensure that the correct search committee member is selected. (People with similar/same names sometimes get mixed up if you search by their ‘First/Last Name’)

2. Once you have located the correct search committee member, click the Add Member button. Once added, a banner across the top of the page will let you know that your addition was successful. When all members have been selected, click Close to return to the Search Committee Member tab. Note: Please ensure that you are adding the correct committee member. As soon as you click the Add Member button, the system will send out an automatic email to that individual alerting them that they have been added to a posting as a search committee member.

Note: Check the Committee Chair box for the individual who will be chairing the search committee. Before doing so, please ensure that the individual is search chair trained by looking up their name on OEO’s Trained Search Chair List.
Posting - Search Committee Tab (cont.)

Note: Added search committee members will show up in the list below. You can designate a committee member as chair by checking the Committee Chair box next to their name. Please verify that the person is search chair trained before adding them as the chair.

1. If a committee member is NOT a CSU employee, you will need to create a guest user account for them. Click on the Create New User Account button.

Note: if you need to remove a search committee member, hover over Actions and select Remove from Posting.
1. In the pop up window, enter the guest user’s First Name, Last Name, email address, and a Username you create for them. Most people enter usernames that are similar to CSU eID’s (ex: emilyrogers, erogers, emilyr, etc.) Once you have filled in the required fields, click the Add Member to Search Committee button.

Note: After you have created the guest user account, OEO will review and approve the request. Once their status has been switched from pending to approved, the guest user will be able to login using their username and the default password of: GoCSURams!
1. When you are finished adding the search committee, click Next to go to the Evaluative Criteria tab, Save to return to complete the posting at a later time, or Prev to return to the previous tab.
Posting - Evaluative Criteria Tab (Not Recommended)

Note: OEO DOES NOT recommend using Evaluative Criteria at this time.

1. When ready, click Next to go to the References tab, Save to return to complete the posting at a later time, or Prev to return to the previous tab.
Posting – References Tab

**Note:** This tab is used to collect reference contact information. If you choose to collect references through the system (using this tab), ensure you remove 'List of Professional References' as a required applicant document.

1. Enter the minimum and maximum number of references.

<table>
<thead>
<tr>
<th>Minimum Number of References</th>
<th>Maximum Number of References</th>
</tr>
</thead>
<tbody>
<tr>
<td>3</td>
<td>3</td>
</tr>
</tbody>
</table>

2. If the committee wants to solicit letters of recommendation from references, then 'Yes' will need to be selected from the Accept Reference Letters drop-down menu. The Settings page will also need to be configured to accept letters of recommendation. Please see our Advanced Reference training guide.

3. The Last Day a Reference Provider Can Submit Reference Letter field allows the committee to select a date when references are no longer able to provide a letter of recommendation. Only use this field if you are soliciting letters of recommendation from references.

4. When complete, click Next to go to the Posting Documents tab, Save to return to complete the posting at a later time, or Prev to return to the previous tab.
Posting – Posting Documents Tab

NOTE: Use the Posting Documents tab to upload the applicant screening tools for the search. Applicant screening tools are pre-determined rating mechanisms utilized by a committee during the initial review of applications to determine which candidates are moving forward in the search process. These tools typically consist of the Minimum Qualifications screening form and an Applicant Rating Sheet (aka applicant screening form). These forms must be uploaded on this tab to complete the posting.

** If you are using disqualifying Supplemental Questions, the Minimum Qualifications Screening Form is not required **

1. To attach a screening form, hover over the Actions button and select Upload New from the drop-down menu.
1. To upload a document, click Choose File.

   Please note, depending on your web browser, this button may be labeled as Browse.

2. Locate the file on your computer then select Open.

3. Select ‘Submit’.
Posting – Posting Documents Tab (cont.)

In addition, new links appear access the top: History (all transactions associated with the posting), Settings (which department the posting resides in and other information), and the Associated Position Description. To access these areas, simply click on the tab.

Note: In addition to summary information about your posting, you may also ‘See how Posting looks to Applicant’, print preview the ‘Applicant View’ of the posting, or ‘Print Preview’ the whole posting as it is viewed internally. You can also add the posting to your Watch List. Doing so will allow you to track the posting on your TMS homepage.
1. Once you have sufficiently reviewed the posting and are ready to move it to the EO Coordinator for review, hover over the Take Action on Posting button and select EO Coordinator Review (move to EO Coordinator Review).

2. You may add relevant comments for the EO Coordinator in the optional Comments box. When ready, click Submit.
